On January 22, 1973, there was a Collective Meeting at the home of BECKY ERWIN. Present were the following:

FOIA(b) (7) - (D)

The discussion was on a paper put out by the Revolutionary Union (RU) "Proletarian Fighting Unit" and concerned basically how to make your wife a Communist and the importance of doing that. Discussion was led by LEE ROSE and EARL ROSE and proceeded to talk about the Marxist-Leninist analysis of women down through the ages. The purpose of this paper and the purpose of the people studying this paper is to make them aware of the fact that you cannot be a Communist alone if you are married. There is a drive to organize the spouses of all comrades who have not yet been organized.

There was no technical education this week; that will take place next week as the discussion of the Proletarian Fighting Unit takes precedence.

The CPUSA was one of the major forces in the recent coal strike back East.

On Tuesday, January 2, 1973, at EARL and LEE ROSE's home, there was a meeting. BOB and MARCEL are in town. Present National Revolutionary Union (RU) activities located in Maywood, Illinois. MARCEL is working as a waitress somewhere. BOB asked many questions about possibility of a postal strike. There is much concern in national leadership about demoralization in San Francisco organization. EARL was very apologetic, almost obsequious. A national paper will be out in a month.

There is much struggle between the workers and the student elements. A separate collective of workers has been called all over the area. Workers are preparing technical education for presentation to various collectives.

There is only approximately 200 to 300 working class people in the National Organization.

On Friday April 27, 1973 the NYU Friends of the Guardian, in cooperation with the New York Guardian, sponsored a forum on "The Question of the Black Nation". The forum was held in Tishman Auditorium on the campus of New York University Law School in Greenwich Village.

Because of the recent violent clashes with other leftist factions provoked by the National Caucus of Labor Committees (NCLC), the approaches to the auditorium, and the hall itself, were policed by some 60 marshals of both sexes wearing red armbands, and every person entering the auditorium was scrutinized and skin-searched for weapons or materials that might be used to disrupt the proceedings. Admission was \$1 for the general public, 50¢ for the unemployed.

The program commenced about 7:45 p.m.; there were about 400 people in the audience, apart from the marshals; the audience was 92% white, 8% Negro. For the most part it was a young audience, composed of individuals in their late teens or twenties.

It was announced that W. Jean-Pierre, of the Black Workers Congress, would not appear this evening, as his organization was still engaged in exploring the mysteries of Marxism-Leninism and their applicability to the racial problem. Just when they would be ready to take a definite position was not predicted.

And so the first speaker was Sherman Miller, of the October League (Marxist-Leninist). He gave a rather general outline of the situation of the black minority in America and its importance for the struggle of the proletariat in the United States, of which the black proletariat was the most oppressed segment.

He was followed by Earl Rose, speaking in place of Bob Avakian on behalf of the Revolutionary Union. His presentation was considerably more detailed and factual. He discussed how the Negro population, as late as 1930 still concentrated in the "Black Belt" of the Deep South, had migrated north and west to become an urban proletariat in the ghettos and slums of the metropolitan areas. This had of necessity changed the economic and ethnic situation of the Negro; while at one time the Communist Party had advocated a separate national state on the territory on which the Negroes considerably outnumbered the whites, now the black population was split up into enclaves surrounded by white suburbs and farming areas. It was this fact which provoked a clash of opinion between the Revolutionary Union and the October League: one still adhered to the definition of a nation in Stalin's On the National Question (1913), while the other saw black America as a "nation of a new type", lacking the characteristics which Stalin regarded as basic for nationhood, but still sharply differentiated from the environing white population.

After him Ted Allen, of the Harper's Ferry Organization, spoke on the background of "white skin privilege" in 17th century America.

At first both black and white had come to America, not exactly as slaves, but as indentured servants who would be set free at the end of their term of service. The need for a white population to resist black insurrection led to the introduction of the distinction: the white man sent from England would be a free man after a specified number of years, but the black man purchased from an African slaver would be in bondage for life, the children of a black woman would inherit her slave status, and the color line would create a basic antagonism between black and white. This distinction remained even after the abolition of Negro slavery in 1865, and hampers the unity of the proletariat for revolutionary struggle even today.

At the beginning of the question-and-answer period it was announced that all questions would have to be submitted in writing. A middle-aged man rose to object so strenuously that he was seized by a dozen marshals and ejected from the room in a manner reminiscent of a scene in Alice in Wonderland. After this interlude the questions were read aloud and answered by one or more of the panelists. By and large, the questions were factual and were answered as well as the panelist's knowledge allowed.

The conclusions enunciated at the close of the forum could be summarized in the statement "The worker who wants white skin privilege does not want socialism". The line of all the groups is that the revolution must be achieved together with the abolition of all distinctions between the races, and that this goal requires quotas for minority hiring, support for integration through busing, and the opening of previously all-white neighborhoods and suburbs to Negro residence and ownership. Exactly how such a program could be made palatable to the white working class was naturally the moot question, which the speakers left for the future to resolve.

The Labor Committee made no appearance at the forum, and no other disturbances took place. On sale were various publications of the Revolutionary Union, the October League, and other pseudo-Maoist groups.

A drawing was held for a 45-volume set of the works of Lenin in English, for which raffle tickets had been on sale for six weeks. It was announced that the next Guardian forum would be on the topic of feminism, and that it would be held on May 25.

The forum was adjourned at 10:35 p.m.

## Revolutionary Union

The 'Guardian' is self-described as an "independent radical news weekly" which takes a strong left position but is not identified with any organized group. It is considered to be the largest radical weekly in America.

The National Caucus of Labor Committees consists of various labor committees throughout the country one of which is the New York Labor Committee (NYLC).

The NYLC which was expelled from the SDS in 1968, seeks to identify itself with the American worker. The NYLC believes that in the future the American worker will emerge as a separate and distinct social class which will become oriented towards a socialist America.

SDS was founded during June, 1962, at Port Huron, Michigan, and in the 1960's functioned as the leading New Left campus-based student organization in the United States. From a stance of "participatory democracy", the SDS moved to a radical-revolutionary position. It maintained a national office at 1608 West Madison Street, Chicago, Illinois, until February, 1970. Internal factionalism during 1969 produced three main factions: Weatherman, Revolutionary Youth Movement (RYM), and Worker Student Alliance (WSA). The Weatherman and RYM no longer consider themselves associated with the SDS. The WSA faction continues to use the name SDS.

The Revolutionary Union was founded in early 1968 and is a militant, semiclandestine organization. Its objectives, as set out in its publication, are the development of a united front against imperialism, the fostering of revolutionary working class unity and a leadership in struggle, and the formation of a communist party based on Marxism-Leninism-MAO-Tse-tung thought, leading to the overthrow of the United States Government by force and violence.

## Revolutionary Union

The Manifesto of the IBWC, also known as the Black Worker's Congress (BWC), reflects that "The IBWC is an organization of black workers and students who have joined together to further the revolutionary struggle in the United States and other parts of the world, to consolidate unity among the revolutionary Third World Forces."

The October League was formed in 1969 in Los Angeles, California, as an informal group of Marxist-Leninist individuals with the purpose of instilling in the working class a Marxist-Leninist philosophy. In late 1971, its founders decided to organize nationally to form a new communist party in the United States based upon the revolutionary theory of Marxism-Leninism MAO Tse-tung, with the purpose of uniting and leading the working class and its allies, the oppressed minorities, in a military insurrection to establish a proletarian state. Numerous leaders of the October League have visited the People's Republic of China to solicit the support of the Chinese Government in the October League's revolutionary activities.

San Francisco Newsreel

According to information last obtained by Source at a Revolutionary Union (RU) Collective meeting in San Francisco, the RU members who are on the Steering Committee of the San Francisco Newsreel were asked to leave. The only RU people that he knew in Newsreel were:

DIANE KAGAN

JEFFREY MERCHANT

This information was obtained during February, 1973.

According to work report given by DIANE and JEFF, at a RU Collective meeting, the Newsreel was taken over by CPUSA. They attributed their downfall to a white female of approximately middle age, who was active in the Newsreel and who more or less organized the Newsreel out from under the RU Steering Committee members.

Source was unable to supply any further information as to the identities of any individuals who might be associated with any members of the Newsreel.

DIANE KAGAN really appeared to be disturbed about losing her position on the Steering Committee of the San Francisco Newsreel. Evidently, she will now have to go back to work at Western Electric.

There was some indication from JEFF and DIANE at this same collective meeting that the actual legal ownership of the equipment of Newsreel was actually owned by DIANE and JEFF. Evidently, DIANE and JEFFREY were one of the original members of the Newsreel when it was incorporated. In an attempt to ingratiate themselves with the other members of the Newsreel organization, DIANE and JEFF indicated that they more or less relinquished any kind of control over the Newsreel equipment. DIANE and JEFF

FOIA b 7 - D

are still relating to the Newsreel but only as rank and file members as opposed to being on the Steering Committee as they were before.

The only other organizations that Source knew to be relating to the Newsreel were elements of the Brown Beret and a radical Filipino organization.

Fundamental Study Class  
1279 Hampshire Street

The fundamental study class was led by BOB WILLIAMSON. The other individuals present at this study class were:

FOIA(b) (7) - (D)

WILFRED GEORGE ALLISON

ALLISON is currently living at the Hampshire address with JONATHAN DUBOSE. Source is still not sure of ALLISON's relationship to the RU, although he is relating to the RU through the "Bay Area Worker." ALLISON is still talking about the formation of the Proletarian Discipline Corps but as yet, no actual organization exists. Source considers ALLISON to be a "crazy militant." As far as Source knows, ALLISON is employed at a Datsun parts warehouse in South San Francisco.

FOIA(b) (7) - (D)

San Francisco, California

LINDA MARIE ALLISON

LINDA ALLISON is still residing at 1279 Hampshire Street, San Francisco, California. Source does not believe that she is currently employed by the Legal Aid Group as a secretary. Source was unable to supply any further information concerning her employment or activities.

RICHARD AUSTIN

The only information Source knows about RICHARD AUSTIN is that he is a member of the Longshoreman's Union and is now working in the same capacity.

PACO BAUTISTA

The last information Source knew about PACO BAUTISTA was that he was laid off from his job but was still relating to the RU and so was his wife.

STEVE BRAVO

STEVE BRAVO has dropped out of the RU. He was just plain fed up with the RU and the RU line. He might be talked into helping if a Chicano was sent to talk to him. Presently, he is the sole support of several members of his family and might possibly be able to use some financial assistance.

DANIEL CAHN

DANIEL CAHN is continuing to take pictures for the "Bay Area Worker" and lives on Rolph Street.

FOIA(b)(7) - (D)

Technical Military Collective

Source stated that Technical Military Collective just never got off the ground.

MATTHEW CALLAHAN

CALLAHAN is thought to be working as a Longshoreman in San Francisco. His "wife" SANDY HUMPHREY, will be having a son soon.

CAROLYN CLAYTON

She is married to DANIEL CAHN and living on Rolph Street.

BRIAN DROLET

BRIAN's activities in the RU are presently centered around United Press on Valencia Street. He continues to live on Capp Street. His wife, KATHY, is presently thought to be working.

JONATHAN DUBOSE

JONATHAN DUBOSE lives on Hampshire Street but is not working anywhere to Source's knowledge.

JOAN REBECCA ERVIN

As far as Source knows, JOAN is married to STEVEN HAMILTON and continues to reside on Guerrero Street in San Francisco. As far as Source knows, she is a member of the local executive in the RU and is a member of the Labor Collective led by LEE ROSE.

On February 11, 1973, there was a Revolutionary Union (RU) Collective meeting at EARL ROSE's residence, 663 Niantic, Daly City, California. Those in attendance were the following:

FOIA b 7 - D

Discussion during the meeting was as follows:

Information was developed that EARL had just returned from somewhere back East as of some time on Tuesday of the week following. Evidently, there is a lot of internal conflict in the organization present, most of which centers around liberalism and the influence of bourgeoisie thought and people. Criticism was also expressed because of the membership inability to make progress in their mass work. Source indicated that on one hand you hear reports of 34 RU members in the Postal Caucus in New York but in reality, these 34 members in New York were probably members of the PL's organization called "Concerned Postal Workers." Source indicated that he was also under the impression that PL was also starting a similar organization in the Post Office here in San Francisco.

Discussion during this meeting centered around the purpose and utilization of work reports. After it was all said and done, evidently the work report has no other purpose than being projected for someone to complete and really nothing is ever done with it after it is written.

C. W. MOSS

C. W. MOSS was heard to indicate his liking for the RU line. Evidently, MOSS has just returned from Alaska and indicated that he picked up the RU program "up north." Source indicated that if MOSS is not a member of the RU, he at least sounded like it. MOSS is described as follows:

This agency had wanted to arrange for press coverage of those departing, but were advised that no publicity was wanted. GREENBERG indicated that selection of the RU Student Delegation was made by MICHAEL JARVIS and LEIBEL BERGMAN in the RU East Region; JOANNE PSIHOUNTAS and MIKE ROSEN in the Mid-west; and WILLIAM KLINGEL and EARL ROSE in the West Region, with the final selections being made by RU Leader ROBERT BRUCE AVAKIAN at the RU National Headquarters in Maywood, Illinois.

GREENBERG indicated that arrangements for the trip were initiated in Peking, PRC in April 1973 by GREENBERG and BERGMAN, and plans were finalized during a trip to the PRC Embassy in Ottawa, Canada by GREENBERG and BERGMAN approximately one month ago. GREENBERG indicated that the Chinese were paying the travel expenses for the delegation. The exact amount of money received and the method used to make this money available was not discussed by GREENBERG.

The source indicated that approximately \$15,000 would be required to finance such a trip and recalled that on an earlier trip, the money had been spent from RU funds which were reimbursed by the Chinese in cash while the group was in China.

The purpose of the meeting was to discuss plans for the founding of a Marxist-Leninist Communist Party (CP) in the United States by the Revolutionary Union (RU) and the current threat of the October League (OL) to take the initiative in formulating a Marxist-Leninist (ML) CP.

[redacted] was interviewed by SAs LLOYD E. DEAN and RICHARD H. NACHTSHEIM and provided the following information:

The RU leadership is very concerned over recent information the OL is planning to announce the formation of "the Party" in the near future. Included in the Party being formed by OL is I Wor Kuen (IWK), remnants of the International Black Workers Congress (IBWC) currently located on the West Coast, and the organization being formed around the Guardian newspaper in New York. OL is expected to announce the formation of their "Party" in early 1974.

The IWK has already advised RU in a letter to New York RU leader MICKEY JARVIS that IWK is "discontinuing their relations with RU." RU has suspected for some time that the Guardian was planning to align themselves with OL and have known that CARL DAVIDSON of the Guardian has always favored closer ties with OL. The IBWC remnants on the West Coast long ago disassociated themselves from control by the national IBWC leadership and are breaking away to merge with OL.

The IWK has close association with several organizations on the West Coast, including the J Town Collectives and those associated with the Kalayaan newspaper. These organizations are expected to eventually join the OL "Party."

The RU has made numerous overtures to OL to discuss a merger or formulation of a "Party", but OL has not responded to the RU contacts.

In order to counter OL's move to announce the formulation of the "Party," RU is planning to go ahead with plans to form their own "Party," which they envision as including RU, the Puerto Rican Revolutionary Workers Organization (PRRWO), the remainder of the IBWC, and some "50 loose collectives throughout the U. S.," which could include the collective in Tampa (Red Star Cadre) and a collective in Louisiana (not further identified).

The statement that there were "50 loose collectives throughout the U. S." was made by LEIBEL BERGMAN, and no additional identifying remarks or discussions were made in this regard. BERGMAN restated his earlier remarks that "RU must recruit wildly and boldly."

No specific plans were made for contacting the leaders of other revolutionary organizations or collectives who might be persuaded to join with RU in forming the "Party," and it was estimated that it would take between six months and one year to lay the necessary groundwork before RU could announce the formation of the Party. One problem which is expected to come up would be RU's radical departure from its previous position that now is not the time to form the party which is, as espoused in Red Papers, their national newspaper "Revolution," and during a debate with OL leader MIKE KLONSKY at recent forums sponsored by the Guardian newspaper in New York. Most of the RU leadership did not see this contradiction as a major problem.

RU expects many defections to OL if OL is first to announce the formation of the Party. The RU leadership estimates OL's national membership at approximately 150 members while RU claims approximately 700 members nationally.

The RU leadership believes OL's line is very weak and plans to attack them on that basis if OL does announce the party first. OL's line is not considered strong enough to hold up in a debate between the two organizations. KLONSKY is believed to be a better organizer more aggressive in recruiting, which has accounted for OL's rapid growth and influence within the pro-Maoist movement.

The U. S. - China Friendship Association (USCFA) was not considered as an organization to be courted for inclusion in the proposed RU "Party" as RU does not consider USCFA to be a revolutionary organization.

PRC Influence

No indication was given by BERGMAN at the meeting that he was following any guidelines set out by the CHICOMs; however, it was generally understood that BERGMAN's insistence on building the "Party" was in response to BERGMAN and GREENBERG's feeling that the CHICOMs are anxious to have someone form a "party." The Communist League (CL) has long felt that they are in the process of forming the party, but RU has never taken them seriously and doubt they will have much influence within the movement in general. The RU leadership does fear the emergence of the OL and feel that if OL is first to announce the formation of the party, RU will lose some of its clout with the CHICOMs.

FOIA b 7 - D

On 9/15/73, the New York RU held a party to kick off their new newspaper, "The New York Worker," which is completely dominated by New York RU members. The previous newspaper put out by the New York RU, "West Bronx on the Move," is being discontinued; and those peoples associated with that newspaper will begin working on the "Worker." Approximately 150 persons attended the kickoff party, 90% of which were either RU or Attica Brigade (AB) members from the New York area. FONTANEZ, who was introduced as Ms. GLORIA WRIGHT and spoke briefly, stating that the line of RU and PRRWO was one; CARMEL and CARMAN CRUZ, as well as JENNY JARVIS, DON WRIGHT, MICKEY JARVIS, and MIKE MC DERMOTT of RU. GINNY JARVIS, member of the Executive Committee of the New York RU Region, spoke at the party recounting the three-year history of RU in New York which started as a small committee to an organization which now numbered over 100. JARVIS commented on the AB members present, saying that AB was a shot in the arm of RU and indicated AB is controlled by RU.

ROBERT AVAKIAN, member of the RU National Office Staff, indicated he had recently returned from a one-month long trip through the southern part of the United States where he contacted various groups interested in RU. AVAKIAN indicated he had been in Atlanta, Birmingham, Tampa, and Houston. (No further information could be obtained concerning this trip.)

#### Venceremos Organization (VO)

The above source advised that RU is aware that Venceremos Organization (VO) had publicly announced they were disbanding, but RU expects them to form a new group or move into an already established organization. The source was not aware of information recently provided by San Francisco that VO may try to align itself with the Cleaver Faction of the Black Panther Party (BPP). RU feels that OL may attempt to absorb VO remnants into the OL's "Party," but RU does not want ex-VO activists.

Secretariat Power Struggle

DONALD WRIGHT has been ousted from his responsibility for liaison with other revolutionary organizations and has been replaced by ROBERT AVAKIAN.

The isolation of WRIGHT from the main stream of RU activity at the national level has increased. Both ROBERT BRUCE AVAKIAN and BARRY WILLIAM GREENBERG of the RU National Office reportedly feel that WRIGHT may challenge their leadership in RU. WRIGHT was severely criticized at the RU Meeting on [redacted] and was accused of holding back the rest of the RU leadership. The fact that GREENBERG and AVAKIAN have this fear of WRIGHT stems from several factors, including: 1) WRIGHT's close association and influence with other revolutionary organizations developed while WRIGHT was responsible for liaison with those groups. 2) During August 1973 WRIGHT held meetings with other black members of RU from throughout the U.S. 3) They fear WRIGHT's marriage to GLORIA FONTANEZ of the PRRWO was a move to solidify his position with the one organization which the remaining RU leaders feel is their strongest ally in forming the new Party.

The RU leadership has not yet made an attempt to completely oust WRIGHT from his leadership position because of his close ties with the leaders of other organizations which RU feels they will need in order to form the Party. There has been speculation that WRIGHT may be ousted at the next National Central Committee meeting which is now tentatively planned for January, 1974. The RU leadership anticipates being charged with racism (WRIGHT is black) if the ouster is not handled correctly, and they also fear some RU members, especially black members, would defect to WRIGHT should the power struggle become "messy."

The RU leadership further fears that if WRIGHT loses badly in the power struggle, he could attract a substantial following from defecting RU members, black RU members, and possibly the PRRWO organization. Such a formidable splinter group could establish its own organization and would probably be courted by the OL to merge into the OL "party."

WRIGHT is known to have had at least two discussions with the RU "guru," LEIBEL BERGMAN, in attempts to work out the conflict in the Secretariat and to elicit BERGMAN's support in the event of a show-down. BERGMAN reportedly prefers to remain above the conflict at the present time, but he is expected to join with AVAKIAN and GREENBERG at the NCC meeting.

discussions

were held to formulate RU's position with respect to the Middle East War. It was decided that RU would back the Arabs against Israel and would criticize both the United States and the USSR and that their position would be included in a coming issue of "Revolution."

Miscellaneous

1. CHARLES BLACKMON, former member of the RU National Central Committee (NCC) has not been active with RU since about January, 1973, and is not now considered an RU member.

2. PAULINE MARCELLE AVAKIAN, wife of RU national leader ROBERT AVAKIAN, is now the singular leader of the Chicago Area RU.

3. The Unemployed Workers Organizing Committee (UWOC) still plans to expand nationally, but has not yet attempted to organize in the Chicago/Gary, Indiana, area.

4. The RU delegation to the PRC which was originally scheduled to depart sometime before the first of the year (1974) has been postponed indefinitely.

5. Red Papers VI is not expected to be published in the near future due to the party forming problems.

6. The OL is sending one of its top national leaders from the Los Angeles, California area to Chicago as the current Chicago OL leader, FRED KLONSKY, brother of OL national leader MIKE KLONSKY, has not done the job. This new Chicago OL leader is a female.

7. The source was questioned as to the possibility that RU was contemplating going "international" by expanding its operations into Canada with the recently deported Philadelphia RU leader WILLIAM BIGGIN. No such plans have been discussed by the RU leadership.

PARTY BUILDING

The meeting was started with a brief analysis of the current situation in the United States and BERGMAN presenting RU's proposal for formulating a "party" now, to which there was no firm opposition by the attendees.

BERGMAN cited the following four reasons why RU feels that now is the time to form the party:

1. The current crisis in imperialism in the United States.
2. The national mood with respect to impeachment of President NIXON.
3. The Peoples Republic of China favors the establishment of a party in the United States now.
4. RU's chief competitor, the October League, is reportedly well on its way to announcing the formation of its own party.

All RU members in attendance were in agreement that the party should be formed as soon as possible.

The representatives of PRRWO and IBWC agreed that there is a need for a party to lead the revolution and want to be a part of that party, but were not in full agreement with RU that now is the time and believe analysis of the situation should precede announcement of the formation of the party.

AVAKIAN presented an analysis of October League (OL) and it was his opinion that OL cannot form a party now.

BERGMAN and AVAKIAN indicated RU would go ahead with plans to form the party if the PRRWO and IBWC would agree to join with RU in that effort. PRRWO and IBWC do not believe the time is right and indicated they would not join a party now.

CG 105-27305

Following the [ ] meeting on party building, BERGMAN and AVAKIAN expressed disappointment that PRRWO and IBWC would not accept RU's plan on party building now as they thought the two organizations would be eager to join with RU in this matter.

FOIA b 7 - D

WRIGHT was blamed for the deterioration of relations between RU and PRRWO and IBWC. WRIGHT was further accused of attempting to establish his own power base to take over sole leadership of RU through his influence with PRRWO (brought about by his recent marriage to PRRWO leader GLORIA FONTANEZ), IBWC and black members of RU, citing the meeting in San Francisco in August, 1973, when WRIGHT and other black members of RU from throughout the United States held a private session reportedly to discuss Red Papers 5. WRIGHT denied all accusations made against him, stating that PRRWO and IBWC have felt alienated by RU and have always felt that RU has acted in an elitist manner in their dealings with other organizations and have attempted to force the RU position on the less influential and less powerful groups.

WRIGHT was further accused of stifling initiative of other RU leaders and causing "stagnation at the top" which has resulted in a decline in influence because of inaction.

#### IMPEACH NIXON CAMPAIGN

During the [ ] meeting a proposal was made by BERGMAN that RU sponsor and organize a national campaign to impeach President NIXON which would include massive nationwide demonstrations. He recommended that a committee be established to coordinate this action which would be called "Workers Committee to Impeach NIXON."

RU member participants in the meeting, with the exception of WRIGHT, backed BERGMAN's proposal.

The PRRWO and IBWC representatives at the meeting, as well as RU leader DONALD WRIGHT, indicated numerous other organizations had already organized and held demonstrations calling for President NIXON's impeachment and that they doubted RU or any other organization would be able to organize the numerous groups behind a single banner in this regard. Both the PRRWO and IBWC were against such an effort and indicated they would not participate in such an endeavor at this time.

BERGMAN indicated one of the primary reasons he wants to pursue this national campaign is to demonstrate there is still life in the pro-Maoist movement since there has been very little activity by the left forces in the past year or so and such a national campaign would show the nation that the left still exerts considerable influence.

A second reason given by BERGMAN for organizing this national campaign was to show a united front among revolutionary organizations and attempt to establish a working relationship between the numerous national and local organizations to demonstrate they could work together and then use this "success" as an example that a party could be formed.

(It should be noted that RU's National Bulletin #12, entitled "Throw the Bum Out. Organize to Fight," deals with RU's position on a national campaign to impeach NIXON.)

POWER STRUGGLE

[ ] indicated BERGMAN sees the current power struggle with the RU National leadership as being between DONALD WRIGHT and ROBERT AVAKIAN. BARRY GREENBERG is considered a good organization man and a "bureaucrat," but not desirous of singular leadership in RU or in the party. The GREENBERGS are known to support AVAKIAN in this power struggle. BERGMAN further indicated to the source that he too was not interested in singular leadership.

The RU leadership plans to meet in Chicago on either 11/19/73 or 11/20/73 to hold a "trial" of RU leader DONALD WRIGHT. LEIBEL BERGMAN, MICHAEL JARVIS, WILLIAM KLINGEL, ROBERT AVAKIAN, EARL ROSE, BARRY and MARY LOUISE GREENBERG are expected to set forth the "charges" against WRIGHT, which are believed to include accusations that WRIGHT: 1) is attempting to take over RU leadership, 2) has impaired RU's influence with the PRRWO, IBWC and I Wor Kuen (IWK), and 3) has taken positions which sharply differ with the other RU leaders which has held back important initiatives of RU.

[ ] further advised that BERGMAN and AVAKIAN accused WRIGHT on [ ] of working behind their backs to bring the PRRWO and IBWC to support him (WRIGHT) in his attempt to take over the RU or to join with him in an entirely new organization which would include defecting RU members, black RU members as well as PRRWO and IBWC.

BERGMAN indicated he fears EARL ROSE, RU leader from San Francisco, may back WRIGHT in this power struggle, and the source also believes ROSE sees this "trial" as racially motivated since WRIGHT and ROSE are both black.

[ ] opined that BERGMAN, AVAKIAN and GREENBERG sense some stagnation in the RU leadership and feel that a shake-up in the leadership will solidify the RU leadership much as it did in 1971 following the power struggle between ROBERT AVAKIAN and H. BRUCE FRANKLIN, who split off from RU to form another organization, Venceremos Organization (VO).

CG 105-27305

[redacted] indicated that IBWC and PRRWO would probably continue their close ties with RU even though there will be a period of difficulty. He further advised that the marriage of WRIGHT and GLORIA FONTANEZ was the "final straw" in the on-going power struggle.

(Note: Chicago has long felt that the marriage of WRIGHT and FONTANEZ was a power play by FONTANEZ to increase her influence within the movement and with RU

#### MISCELLANEOUS

1. ROWLAND CORDERO who participated in the above meetings is a Chicago area RU leader whose "star is rising." CORDERO has become very close to AVAKIAN and BARRY and MARY LOUISE GREENBERG at the RU National Office. CORDERO will probably be included in the national leadership body in the near future.

2. BERGMAN and AVAKIAN voiced concern at the above meeting that the RU leader in Los Angeles, California, had recently quit RU. No name was mentioned.

3. BERGMAN indicated BARRY GREENBERG and ROBERT AVAKIAN have been attempting to persuade him to move to Chicago, and BERGMAN would like to move in order to have closer contact with the RU National Office. BERGMAN's wife, VICKY GARVIN, reportedly has refused to move out of New York and BERGMAN indicated he would probably not move, but does plan to spend more time in Chicago in the future.

4. New York RU member GINNY JARVIS reportedly holds a position of "Trade Union Secretary" in New York.

DONALD WRIGHT was not allowed to attend the above meeting or to present his position and defense to the charges made against him.

Following the meeting a brief statement was given

FOIA b 7 - D

that "D. H. WRIGHT, formerly a member of National Leadership and a public spokesman of our organization, has been removed from all positions in our organization. He is no longer a member, and is suspended indefinitely and barred from any future membership in our organization".

WRIGHT was accused of:

1. Attempting to intimidate the other national leaders.
2. Putting forth a political line which deviated from Marxism-Leninism and that of the RU.
3. Substituting bourgeois psychology and Black Nationalism for scientific analysis and M-L summation.
4. Presenting a negative view of RU's multi-national line and downgrading RU's work with the black and third world people.
5. Not presenting the approved and accepted RU line in his dealings with other revolutionary organizations.
6. Slandering other members of the RU Secretariat.
7. Causing the deterioration of relations between RU and the PRRWO and IBWC.
8. Violating democratic centralism.
9. Using his position on the National Liaison Committee (NLC) and Secretariat to build a power base for his "opportunism" to control RU instead of lead it.

CG 105-27305

FOIA b 7 - D

FOIA b 7 - D

[redacted] advised that ROSE was also severely criticized by the RU Leadership during the 11/19/73 meeting for being a "bourgeois Nationalist" and many of the same criticisms they had of WRIGHT, with the exception of those involving the deterioration of relations between RU and other organizations. ROSE believes the RU attack on himself and WRIGHT was racially motivated.

ROSE feels that if he and WRIGHT can attract enough support from the disenchanted RU members, they can establish a strong political base to improve their position and influence within RU. In the event the RU leadership would not deal with ROSE and WRIGHT, they would then attempt to forge some type coalition with the PRRWO and IBWC and leave the RU.

WRIGHT and ROSE believe the RU is frantically attempting to salvage their organization and influence in the pro-Maoist movement in the face of strong opposition by the October League (OL) and other groups who have gained significantly in size and influence during the past year, while RU has not been able to generate any new actions or interest.

FOIA(b) (7) - (D)

NATIONAL LIAISON COMMITTEE

[redacted] advised that one of WRIGHT's duties when he acted as RU's liaison with other revolutionary organizations was as RU representative on the National Liaison Committee (NLC). The NLC was established in mid-1972 at the insistence of LEIBEL BERGMAN, and had a representative from RU (DON WRIGHT), PRRWO (GLORIA FONTANEZ), IBWC (MIKE HAMLIN and later DAN BROWN) and IWK (CAROLYN WONG). IWK withdrew from the NLC during the summer of 1973.

The announced purpose of NLC was to find a basis for joint work, ideological struggle, and to help advance the mass movement toward the Party. At the time the NLC was first organized, both the IBWC and PRRWO feared RU was using the NLC to attempt to take over their organizations and both demanded that any relations with RU as part of the NLC would have to be with all participants coequal. RU agreed to this arrangement

with IBWC and PRRWO, but in the inner-circles of RU, NLC was seen as an effort to pave the way for an RU takeover of the other groups followed by establishment of the party.

WRIGHT was severely criticized for not being successful in establishing RU dominance over the other NLC participants.

FOIA b (7) - (D)

ROBERT AVAKIAN has assumed WRIGHT's previous duties as the liaison between RU and other revolutionary organizations and on the NLC.

PARTY BUILDING

FOIA(b) (7) - (D)

[redacted] advised that following the apparent rebuff of the RU party building proposal by the PRRWO and IBWC at their meeting in New York on 11/3-4/73, RU has temporarily relegated their party building efforts to second place, behind the immediate problem of attempting to organize a nation-wide campaign to "Impeach NIXON", under the banner "throw the bum out".

[redacted] believes RU will go ahead with plans to build the party with or without the PRRWO and IBWC, but feels that without attracting these two organizations and a merger between RU and OL, the "party" would be in name only.

BERGMAN, GREENBERG, and AVAKIAN are in hopes that the RU sponsored "throw the bum out" campaign will be the first step toward attracting other organizations and some of those

"50 loose collectives" to join together or at least begin negotiating mergers to be eventually solidified into the party.

MISCELLANEOUS

FOIA b 7 - D

2. ROWLAND CORDERO is planning to be out of Chicago during the period 12/14-20/73, purpose and whereabouts unknown.
3. CORDERO is now part of the National Office Staff.
4. RU will begin shortly to send representatives to contact loose collectives throughout the United States.
5. IWK recently discontinued relations with RU. This split was caused by the fierce competition between the IWK and ACC in the Oriental community in San Francisco which both IWK and ACC claim as their territory. The IWK believes the ACC is controlled or at least significantly influenced by RU and therefore blame RU for their troubles with ACC.
6. GLORIA FONTANEZ (WRIGHT), leader of the PRRWO and wife of suspended RU leader DONALD WRIGHT, visited in Chicago with her husband during the period 11/18-21/73. FONTANEZ is reportedly very unhappy over RU's treatment of WRIGHT and is encouraging him to fight back.

Former member of the RU National Central Committee and National Office Secretariat, DONALD HERBERT WRIGHT has not been in contact with any other member of the RU Secretariat since 11/15/73 when WRIGHT and the others participated in a meeting which ended with physical violence.

ROWLAND CORDERO, who has been among the leadership of the Chicago Area RU during the past year is particularly close to ROBERT AVAKIAN and has been groomed to assume a leadership position on the National level. CORDERO is expected to replace WRIGHT on the Secretariat following the upcoming RU NCC meeting which is tentatively scheduled for February, 1974, in Chicago, Illinois. Although not officially a Secretariat member, CORDERO has acted in that capacity since November, 1973.

FOIA b (7) - (D)

WRIGHT reportedly has been attempting to determine the reaction by other revolutionary organizations, primarily the PRRWO and International Black Worker Congress (IBWC), to his suspension by RU. Both GLORIA FONTANEZ of the PRRWO and DAN BROWN of the IBWC have expressed their personal support of WRIGHT and have urged him to prepare a rebuttal to the "racist charges" made by the RU. Both the PRRWO and IBWC are expected to maintain their ties with RU but are very concerned over the WRIGHT suspension and what appears to them to be a racist action.

FOIA b 7 - D

EMORY EARL ROSE, an RU leader in the San Francisco area, has reportedly been in contact with WRIGHT on at least two occasions since WRIGHT's suspension. ROSE is reportedly very dissatisfied with the current RU National leadership, as well as the Regional RU leadership in the Bay Area. ROSE has indicated that he has been "factionalizing" and wants to meet with WRIGHT to discuss the possibilities further. ROSE more recently indicated that he had been joined in his "factionalizing" by DAVIDA FINEMAN another RU member in the Bay area who in the past had had some influence and leadership responsibility in RU. FINEMAN has long been a close friend and confidant of WRIGHT.

FOIA(b) (7) - (D)

[redacted] stated that WRIGHT has indicated he believes RU is in trouble nation-wide over the TTBO program which many local RU collectives believe is being shoved down their throats by the National leadership, and by disgrunteled chapters in San Francisco, RU's largest, oldest and best organized Region and in the Detroit and Ohio area which have been particularly close to the IBWC in the past.

Another area which is expected to cause problems for RU is in RU's recently distributed National Bulletin Number 13 (NB #13). NB #13 was written by ROBERT AVAKIAN, and entitled "Merge the National and Class Struggle,"

calls for Third World and Blacks who were formerly touted by RU and others as the vanguard of the revolution, to merge with and into the working masses in furtherance of the revolution. The IBWC and PRRWO have expressed deep disapproval of the NB #13 and are preparing a rebuttal of RU's position in this matter and reportedly have sought help from WRIGHT in its preparation. WRIGHT will reportedly agree.

NB #13 is also not being well received by rank and file RU members. Black RU members in New York reportedly have accepted NB #13, but Bay area RU blacks are very disgusted.

AVAKIAN traveled to the San Francisco area during the Christmas holidays to visit his parents, but during this visit so much dissatisfaction had surfaced in the Bay area over NB #13 that AVAKIAN held a forum for RU members to attempt to explain the bulletin and satisfy the deserters.

FOIA b 7 - D

[redacted] advised that RU in New York has virtually abandoned their work with the Unemployed Workers Organizing Committee (UWOC) and any other sub-organizational activity, in order to devote full time to organize and recruit supporters for the National Campaign to Impeach NIXON behind the banner "Throw the Bum Out" - "Organize to Fight." RU along with their "child" Attica Brigade (AB) have placed these nationwide demonstrations above all other activity. Throw The Bum Out (TTBO) demonstrations are envisioned by the RU National Office to be a monthly occurrence for

FOIA(b) (7) - (D)

the foreseeable future. TTBO is being coordinated nationally by ROBERT AVAKIAN at the National Office and it is anticipated that other organizations will join with RU in this venture. In the Chicago area, the Vietnam Veterans Against the War (VVAW) have held numerous meetings with RU and will jointly participate in a TTBO demonstration on 1/26/74.

The PRRWO and IBWC are not expected to support RU in their TTBO National campaign.

In spite of RU's internal problems in the Bay area, Detroit and Ohio, the New York Region has emerged as the most solid and best led of the RU Regions. NYRU Leader MICHAEL VERNON JARVIS is credited with the success of the NY Region and is even "feared" by AVAKIAN as a future challenger for National leadership.

FOIA(b) (7) - (D)

[redacted] indicated the NYRU is so well entrenched in New York, that OL leaders EILEEN KLEHR and SHERMAN MILLER have moved to Detroit, Michigan.

[redacted] advised that EARL ROSE told him that not much has been said about the RU delegation to the Peoples Republic of China (PRC) during the period 11/21 to 12/26/73 except to describe it as a "fiasco." The participants were reportedly very outspoken with their Chicom hosts in the PRC and did not show the proper respect to the various speakers and officials with whom the delegation was in contact.

#### MISCELLANEOUS

1. DANIEL DEAN SWINNEY, who is and has been for some time, an RU collective leader Chicago and who has had considerable influence in Chicago Area RU activity and some clout with the RU National leaders, has fallen from favor with both the CARU and National leaders. This same fate has befallen another CARU leader, TIMOTHY DEVINE. The reason for the apparent

CG 105-27305

demise of these once influential RU leaders was brought about because neither is willing to bow down to the dictates of MARCELLE AVAKIAN, CARU leader and wife of ROBERT AVAKIAN. ROBERT AVAKIAN has taken a personal and active part in the furtherance of his wife's career and has crushed any and all threats to her complete dominance of the CARU. ROBERT AVAKIAN is known to want MARCELLE elected to the RU National Office Staff.

MARCELLE's administrative and leadership ability is questionable at best and the fact that the Chicago area RU is considered among the weakest and least well organized of the RU areas is a direct result of her deficiency in these areas.

2. MICHAEL VERNON JARVIS, NYRU leader, is currently devoting the majority of his time to putting out the NY-NJ Worker newspaper.

The following information was provided to  
SA LLOYD E. DEAN by [REDACTED] on 1/17/74:

On 1/15/74, a meeting was held in New York  
at the request of CARMEN CHOU (Phonetic) of the I Wor Kuen (IWK)  
(who then failed to attend). Those invited to participate were

[REDACTED]

The purpose of this meeting  
was to have been a discussion of future relation of WRIGHT, PRRWO  
and IBWC with the RU. The IWK has aligned itself with the  
October League (OL) and the IWK has apparently been interested in  
discussing improvement in relations between these groups.  
No reason was given for IWK not showing up for the meeting  
and no plans were made for a future meeting.

After IWK failed to show up for the meeting, those present had long discussions on RU National Bulletin #13 which was not liked by PRRWO and IBWC at all, who agreed that the line set forth therein with respect to nationalism was reactionary and very similar to the line put out by the Progressive Labor Party (PLP). The IBWC and PRRWO jointly prepared a document repudiating RUNB #13 which is now being circulated.

During the period 1/18/74 to 1/20/74, discussions were held at various locations in [REDACTED]

FOIA b 7 - D

The meeting was requested by [REDACTED] to discuss a possible future course of action for dissatisfied RU members.

[REDACTED] indicated there is considerable dissatisfaction expressed by a sizable number of RU members in [REDACTED] of the "stagnation of leadership on the National Level" and the fact that the RU National Office Staff has become a very closed group which acts unilaterally, attempts to force their decisions on the entire membership, and has taken several positions recently which many consider racist.

FOIA(b) (7) - (D)

It was felt by [REDACTED] that since RU moved its Headquarters to the Chicago area there had been no positive action or leadership taken by the Secretariat, that in fact, RU nationally has become fragmented and disorganized.

The San Francisco/Bay Area RU, which was the original RU organization, has been the largest and best organized of the RU Regions until the past year and is now racked with disorganization, lack of purpose and some hostility toward the national leadership. The Chicago Area RU which is relatively new, having been organized July, 1972, has been a most notable disappointment to the Secretariat. The New York/Philadelphia RU Region, recently consolidated under MICHAEL VERNON JARVIS of New York, is the only bright spot among RU's organizational endeavors. The RU Southern California Region has been very unsuccessful until recently when the leadership was given to BERNARD DINO HIRSCH, who has now got the region started pretty well, even though there have recently been defections among the lesser leadership personnel there. The proposed RU Southern Region has been in the works for over a year and has yet to get organized and the RU collectives there have remained very small and ineffective. The lack of success in the southern States is attributed to the long standing presence of the October League.

RU's two primary efforts to generate some positive action are the Unemployed Workers Organizing Committee (UWOC) and Attica Brigade (AB).

The AB was started on the east coast and has its largest membership there, the midwest has the newest AB organizations and are still attempting to get organized. The AB has not yet been organized on the west coast which has been a surprise to [redacted] since the Bay Area has the largest number of RU members and until recently the best organized region. [redacted] felt that AB, which is envisioned by RU to be the "SDS of the 70's", would not be successful as the days of the politically hostile student is now passed. They further felt that the revolution must be built in the working class, not from among students which now comprise approximately 90% of all so-called revolutionary organizations and is the main reason no viable revolutionary organization has emerged in the United States.

UWOC has had its problems since it was first organized and what working class individuals it has attracted have been active in the organization for only a very short time. UWOC, which was considered extremely important to the RU National leadership only a few months ago, has been relegated to obscurity, as has the AB, while RUHQ devotes its energies to the National Campaign to impeach NIXON.

The RUHQ is now devoting full-time to putting out "Revolution", the RU National newspaper and to coordinating the "Throw the Bum Out" (TTBO) campaign. AB, UWOC and even party building, has taken a back seat to this campaign. Many rank and file RU members feel this TTBO campaign is a mistake and is being forced upon them by the leadership. The TTBO campaign has alienated RU's former staunch supporters, the Puerto Rican Revolutionary Workers Organization (PRRWO) and International Black Workers Congress (IBWC) and both organizations have refused to join with RU in this campaign and their once close relationship is strained to the breaking point.

CG 105-27305

Further complicating RU's relationship with the PRRWO and IBWC is RU's position as set forth in the RU National Bulletin (RUNB) #13 calling for the merging of the blacks and third world workers with the remainder of the working class, which is a step down from their previous position as the "vanguard of the revolution". A strong document has been prepared by the PRRWO and IBWC to denounce RU's position in this matter.

[redacted] felt that RU might announce the formation of a Marxist Leninist Communist Party in the United States, with or without the support of any other organizations, if they had to, but that such an announcement would mean the formation of the party in name only. Both felt that RU would welcome some sort of compromise with October League (OL) and with PRRWO and IBWC before announcing the party.

[redacted] indicated that although there are numerous RU members who are very dissatisfied with RU, most are afraid to split with RU for fear RU will announce, and become, the party and they would be expelled. [redacted] felt that much more work would have to be done before any large number of current RU members could be persuaded to split with the organization. [redacted] briefly discussed the position of black RU members and it was decided that since there are only [redacted] black RU members, their number would be insignificant in any splinter group or organization.

[redacted] felt that RU's influence and strength are deteriorating and that the only way to improve on the current situation would be a complete change in the National leadership. ROBERT AVAKIAN is considered to be the main force in the Secretariat and as such is blamed for the internal ills of the organization. AVAKIAN is also known to be the author of RUNB #13, which has added to RU's current problems with PRRWO, IBWC and some RU members. AVAKIAN's chief rival for leadership is MICHAEL VERNON JARVIS from New York. JARVIS, who is the most successful of the RU leadership personnel at the

CG 105-27305

Regional Level is currently the favorite of LEIBEL BERGMAN. BERGMAN reportedly has not openly backed JARVIS or AVAKIAN against the other as he, BERGMAN, enjoys the competition between the two and feels the organization needs some action of this type to get RU moving again.

On 2/1/74, [ ] telephonically advised from New York, that he had learned from San Francisco, California, Bay Area Revolutionary Union leader EMORY EARL ROSE that Revolutionary Union is currently planning to hold a National Interim Committee (NIC) meeting somewhere in Chicago, Illinois, on or about 2/7/74. Participants unknown to source.

ROSE indicated the Bay Area Revolutionary Union is having many internal problems and that several other Revolutionary Union Collectives in other parts of the country are also beginning to question the wisdom of the Revolutionary Union National leadership.

The following Revolutionary Union leadership are expected to participate:

BARRY GREENBERG (Chicago)  
MARY LOU GREENBERG (Chicago)  
ROBERT AVAKIAN (Chicago)

EARL ROSE and his wife have been told by the Revolutionary Union National leadership to accept the current Revolutionary Union line or they would be out of the organization. ROSE has not yet decided whether he will get out or not, but indicated he may not attend the NIC in Chicago.

[ ] advised DON WRIGHT recently suspended Revolutionary Union National Officer, is currently in New York and has obtained employment in a hospital. WRIGHT will reportedly return to Chicago

on or about 2/14/74, to arrange for movement of his furniture to New York where he will reside with his wife GLORIA (FONTANEZ) WRIGHT, Chairman of the Puerto Rican Revolutionary organization (PRRWO). WRIGHT is continuing to work on a rebuttal to charges against him, made by Revolutionary Union.

WRIGHT was reportedly contacted by ROSE and requested to determine from International Black Workers Congress (IBWC) associates in New York if he (ROSE) could become active with IBWC in the event he is kicked out or resigns from Revolutionary Union.

REPORT ON EMERGENCY MEETING OF CALIFORNIA U.S.-CHINA FRIENDSHIP ASSOCIATIONS  
IN SAN JOSE , CALIFORNIA -- NOVEMBER 10, 1973

Present: Sue Monica - San Jose; Paula Lasich - San Jose; Ellen Brotsky -  
San Francisco; Lisa Lubow - East Bay; Christy Cannon - Mid-Peninsula;  
Jean Garrett - Mid-Peninsula; Paul Garrett - Mid-Peninsula;  
Ethel Pass - Los Angeles; Bernie Lusher - Los Angeles.

The emergency meeting was arranged at the request of the Los Angeles USCPFA, and was called for the purpose of discussing travel to China. The Los Angeles community delegation of thirteen people have just returned from 3½ weeks in China. The delegation leader was Ethel Pass of the Los Angeles Association. While in China, discussions were held with representatives of the Chinese Peoples Association for Friendship with Foreign Countries concerning future delegations to China. No commitments were made by the Chinese, but we were told that 1974 plans were now being discussed regarding travel in China and that written proposals should be sent as soon as possible. During the discussion in China it was made clear that the Chinese Association preferred to consider requests from us on a regional basis, rather than from individual Associations.

The time problems of getting our proposals before the Chinese Association in time for consideration in the 1974 plan made it impossible to wait for the January meeting of the Regional Coordinating Committee and also made it impossible to wait for communication with Hawaii and Seattle since the meeting was arranged on a few days notice since communications to China must go out not later than November 15th.

Subject to approval of all the West Coast Regional Associations, the following decisions were reached:

1. A Regional Travel Committee shall be set up with one representative from each Association. As soon as possible each Association shall notify the Los Angeles Association of the name of their member of the Travel Committee. The Los Angeles Association shall take responsibility for communicating with the Chinese Association regarding travel plans and will take the responsibility of coordinating the travel arrangements. Copies of all correspondence will be sent to each Association.
2. In regard to travel arrangements efforts will be made to coordinate with other groups such as the Guardian tours in order to arrange the most reasonable travel costs on flights to and from China. It has been announced that Canadian Pacific Air will soon start direct flights from Vancouver to Shanghai and Peking.
3. Four kinds of tours will be considered by the Chinese Association. While no commitments were made they indicated that serious consideration would be given to our proposals.
  - a. Priority will be given to delegations of Association leaders. The Chinese Association feels that visits to China are a must in order for a Friendship Association to work effectively. Also by forming a delegation on a regional basis it provides opportunity for smaller Associations to have a member visit China. It was suggested that the

delegations of Association members be limited to 10 people. It is proposed by the meeting of November 10th that the Chinese be asked to agree to several such delegations in 1974 with the first visit to be in late spring or early summer. The composition of the delegation of 10 members to be as follows: *(These are to be USCPFA members who have not yet been to Ch)*

San Francisco	1	
East Bay	1	(East Bay is in the process of splitting off from San Francisco as a separate Association.)
San Jose	1	
Mid-Peninsula	1	
Fresno	1	
Los Angeles	1	
Hawaii	1	(We recognized that Hawaii is a problem because of travel arrangements through Canadian Pacific Air which flies Vancouver to Hong Kong now and soon Vancouver direct to Peking, but perhaps this can be worked out.) <i>our travel advisor assures us this is not a prob</i>
Seattle	1	(This is contingent on the two Seattle Assoc. meeting together and jointly selecting one person for the delegation.)
Orange County	1	
San Diego	1	(The Los Angeles Assoc. is working on setting up a Friendship Assoc. in San Diego -- if plans are far enough along this would be a good organizing impetus.)

b. Paid tours -- At present only the New York Assoc. has had a paid tour (they sent one this year). Also the Guardian <sup>will have</sup> had 14 paid tours in 1973. If approved this could be an important fund raising venture. The Guardian charged \$1700 for a total package including transportation to and from China, and all expenses for the three weeks in China. This cost the Guardian \$1500, which gave them \$200. These tours would be led by a USCPFA member who would travel to and from China without charge by the airline since they would be a tour leader for a group larger than 15. We are not sure but believe that the per diem charge inside China would have to be paid by such a tour leader (or by the Association in the U.S. out of the override above the actual cost). It was proposed that we ask the Chinese for an OK to send 10 tours of 20 people each; that we ask for the per diem charge in China. If we do receive approval for all or part of our request we will have to work out the distribution of the tour members from each Association although it was suggested that if by some chance our entire request is approved we could consider a tour membership all from the same area for a given tour since this would make the logistics problem easier. This proposal will be sent to the China International Travel Service in China which is the body concerned with this kind of tourism. The Chinese Friendship Association would do all they could to help us in this.

c. Community delegations -- these delegations would be led by an Association member, would consist of 10 people each; should be composed of friendly people; should not consist of too many different interests since this makes it difficult for the Chinese to fulfill the requests of all the members of the delegation. It was proposed that we request several such delegations and that we think in terms of groups like a science group, an education group, Third World people group, etc.

- d. Special Interest Groups -- these kinds of groups would consist of six people plus a tour leader who had been to China before and would receive a different kind of visit to China than the other delegations. They would be invited by the Chinese Medical Assoc. or a Science Assoc. or an Education Assoc. The Chinese Friendship Assoc. would assist in getting approval of the group in China that would have to do the inviting. They would get an in-depth view of their particular specialty and a very cursory general view.

It is proposed that each USCPFA in the region consider setting up auxiliary groups or committees like the Health Committee in New York. This is a group of health field people in New York who are interested in China and work to extend knowledge of Chinese medical delivery. They would not function as regular members of the Association working on various programs but would be an informal group occasionally getting together on their specialty as practiced in China. A suggestion was made about a cultural workers committee including actors, artists, musicians, dancers, etc. Such groups of people in various fields could form the nucleus of a special interest tour of China.

ORGANIZATION AND FUNCTIONING  
U.S.-CHINA PEOPLES FRIENDSHIP ASSOCIATION WEST COAST REGIONAL ORGANIZATION

Adopted October 13, 1973  
Regional Coordinating Committee Meeting - San Francisco

1. U.S.-China Peoples Friendship Association West Coast Regional Organization (WCRO) shall be the name of the organization.
2. The WCRO has adopted the following Statement of Principles in San Francisco on August 19, 1973:

"GOAL: TO BUILD ACTIVE AND LASTING FRIENDSHIP BASED ON MUTUAL UNDERSTANDING BETWEEN THE PEOPLE OF THE UNITED STATES AND THE PEOPLE OF CHINA.

Toward that end we urge the establishment of full diplomatic and trade relations between the two governments according to the principles agreed upon in the joint U.S.-China communique of February 28, 1972, and that U.S. foreign policy with respect to China be guided by these same principles: respect for sovereignty and territorial integrity; non-aggression; non-interference in the internal affairs of other states; equality and mutual benefit; and peaceful coexistence.

We also call for the removal of all barriers to the growing friendship and exchange between our two peoples. We recognize that two major barriers are the presence of U.S. armed forces in Taiwan, a province of China, and in Indochina.

ACTIVITIES: To distribute literature, films and photo exhibits; to sponsor speakers and study classes; to speak out against the distortions and misconceptions about the People's Republic of China; to publish a newspaper and pamphlets; to promote the exchange of visitors as well as technical, cultural and social experiences.

In each activity to pay special attention to those issues of greatest concern to the people of the United States.

Everyone is invited to participate in our activities and anyone who agrees with our goal is welcome to join."

All U.S.-China Peoples' Friendship Associations in the western United States, Hawaii and Alaska which subscribe to this Statement of Principles are urged to affiliate with the West Coast Regional Organization.

The Coordinating Committee shall meet once each calendar quarter at a time and place selected by the Coordinating Committee. The Chairman and Secretary of each Coordinating Committee meeting shall be selected by the attending members of the Coordinating Committee and shall rotate among the affiliated Associations.

Meetings of the Coordinating Committee other than the regular meetings each calendar quarter may be called upon the initiative of any affiliated Association, with the approval of a majority of the Associations.

Copies of correspondence with the Chinese Peoples Friendship Association and the Midwest and East Coast Regional Associations shall be sent to all Associations affiliated with the WCRO.

Associations in Los Angeles, San Francisco and Hawaii shall pay \$15.00 per month to the WCRO; Associations in Seattle, San Jose, Orange County and Mid-Peninsula shall pay \$10.00 per month to the WCRO. New Associations, as they affiliate to the WCRO, shall pay \$10.00 per month to the WCRO.

Such funds shall be expended for ongoing expenses of the WCRO such as postage, stationery, expenses of Coordinating Committee meetings, expenses of the Annual Conference, assistance to Associations who are located at a considerable distance from Coordinating Committee meetings and Annual Conferences to enable them to be represented at such meetings and conferences, and such other expenditures as may be determined by the Coordinating Committee.

5. There shall be an Annual Conference of the WCRO in August of each year. Date and place of the Annual Conference shall be determined by the Coordinating Committee. All members of the affiliated Associations are urged to attend the Annual Conference.

  - f. To take the initiative in organizing new USCPFAs in cities in the western United States;
  - g. To maintain contact with the East Coast and Midwest Regional Organizations of USCPFAs for the purpose of exchanging ideas, suggestions and information.

## WORKSHOP SUMMARIES

### MEDIA, OUTREACH, PUBLICITY

This summary is divided into 2 parts: general recommendations to the Regional Association; and some specific forms and techniques of publicity.

#### General Recommendations

1. Each Association exchange publicity materials (copies of posters, leaflets, etc) with its Newsletter - this would deepen available resources on design, layout and art work, as well as improve the presentation of content.
2. Regarding delegations to China: to reach the broadest possible segments of the community, each delegation should attempt to prepare professional quality material (films, recordings, videotapes, art and handcrafts collections) using the following criterion:
  - A. A theme to be agreed upon in advance by association members.
    1. Preparation and selection of a subject that is saleable, i.e. a videotape would be directed to a national T.V. audience.
    2. Preparation of materials in a professional manner using own resources or inviting people on delegation with the requisite skills, who would not otherwise be able to go.
    3. Preparation of a shooting script, a collection plan (arts, handcrafts etc.)
  - B. Research to be conducted by each publicity committee to overcome problems such as funding and the inclusion of people with technical skills in delegations.
3. Establishment of person to person contacts with the media: insuring materials reach the correct person or position and encouraging those employed in radio, T.V., newspapers, etc. to participate in association activities.
4. Systematized list of media and methods of publicity - a master listing and procedural guide to do publicity work.
5. To increase outreach: to reach the largest number of people as possible.
  - A. Extending friendship by approaching different sectors of the community, doctors, nurses, professionals, working people, businessman etc. with specific programs.
  - B. The use and encouragement of ad-hoc committees to organize and sponsor specific programs...programs to audiences that might be beyond our reach, doctors to sponsor a medical program etc.
  - C. Cooperation with other groups (church groups, friends service committee, unions, medical committee for human rights, humanist society, etc) to enable us to reach more people and at the same time make our resources known to others.

#### Specific Ideas and Techniques in Publicity

1. The use of Public Service Announcements (P.S.A.'s): Bay area moderate to good coverage, Southern Calif. PSA's through the Southern California Association of Broadcasters must have non-profit status; the San Francisco Neighborhood Arts Committee Booklet "How to Manipulate the Media" can be used as a guide for preparation.
2. Telephone call-in shows: several associations have arranged speakers at radio talk shows with call in response from the audience. It is also possible to call in on talk shows and volunteer information on various situations (as they are handled in China, ie if the subject were health care) or ask what do you know about...? (acupuncture, Chinese life, etc.)
3. Interview shows on radio and television - interviews, panel discussions, regularly scheduled programs on the radio (some FM stations have some time available.). In addition to the air time a video tape or a tape recording can be used as an association resource for additional exposure of interviews etc. through schools, library audio-visual, unions, etc.
4. Pacifica Foundation stations - will generally make announcements, prepare (assist) in making programs for use.
5. In conjunction with using radio and television press releases should be sent to local radio and television studios, sometimes local studios will respond to a press release with an interview or a P.S.A.
6. Systematic approach to media and publicity - an organized plan and master listing to do publicity work. Using a plan or program on old age for example would have a standard list of places to be publicized plus a special list of individuals, organizations, etc. interested in a specific area.

A. Some specific listings of organizations are available: on the L.A. area Occidental Insurance Company has a master list of organizations. Another source is the local Chamber of Commerce, also the telephone directory yellow pages under Clubs, Organizations, Associations.

B. For small associations and new associations the San Francisco Neighborhood Arts Committee booklet "How to Manipulate the Media" is a good guide and can be adopted to each local area.

8. The use and exchange of materials through university, college, public school and libraries audio visual departments. Teachers use, for example, local library audio visual dept. resources, films, tape recordings, etc. as materials for class instruction. Each association should investigate the possibility of loaning materials or making gifts of materials to various audio visual depts. If done in advance material can be referenced in the audio visual catalogue which is generally distributed throughout the educational system.

9. Television, local stations, national networks, cable television (some good potential as most of the time on cable is available for use, just the inclusion of programs will be covered in T.V. guide listings). Using interviews, films, panels reviews a large audience can be reached. Also announcements of current programs. We should make it clear each time the associations sponsor a program, i.e. program credits.

10. Newspapers: know personnel and depts. involved; know deadlines

A. Local newspaper - news release, feature stories

B. "Throwaways" - local community paper with advertising...recommended buying ad (in addition to press release). These papers will sometimes run a news story on event in conjunction with your ad.

11. Some other contacts include central labor councils and at some universities Depts. of Industrial Relations.

#### PROGRAM/SPEAKERS WORKSHOP

General ideas that ran through most presentations and discussion and on which there was agreement:

1. The need to analyze particular communities and understand how to approach the audience (ex. upcoming banquet in Hawaii)

2. The need to focus programs on particular areas of interest, go more in depth into particular aspects of life in China, use these types of programs to build ties with other organizations or individuals in particular fields or communities (through co-sponsorship, joint work, etc). (ex. L.A. US-CPFA co-sponsored film "Archeological finds in China" with American Archeological Society).

3. The need to plan and publicize programs well in advance which will help to sustain and build membership. (Ex. San Francisco U.S.-C.P.F.A. is planning monthly educations with suggested readings that are announced a month in advance)

4. The need to make material (films, literature, pen-pal program, etc) reciprocal with China, not just expect China to send things to us.

#### Recommendations for entire region

1. Each association prepare a list of resources (exhibits, photo displays, art work, etc) and how and where to obtain particular exhibits. A copy should be sent to the other associations. Also for photo exhibits, if possible, send duplicates of photographs to San Francisco for photo library. Hawaii agreed to investigate a photo exhibit that would compare pre-liberation China with China today.

2. A speaker's bureau be established in Los Angeles that would 1) compile a master list of all known speakers and 2) schedule and co-ordinate West Coast speaking tours by "name speakers". Each association should send L.A. a list of local speakers, what they speak on, etc

3. We should ~~ex:~~ cooperate on providing speakers, literature, etc. for regional conventions (for example a teacher's conference, etc.)

## Travel/Exchange Workshop and Fundraising/Membership Workshop

These reports were not ready as yet. The Committee preparing the minutes felt that it was best that these notes follow when ready rather than hold up the minutes any longer.

### NEWSLETTER

The discussion was broken down into the following aspects of how to produce a newsletter:

#### 1. Technical

Delegates compared notes on costs involved in production of their newsletter. These covered a wide range depending on methods used. Some of the associations type all material by hand and others have it done professionally.

#### 2. Distribution

Most associations have mailing lists ranging from 50 to 3500. It was agreed that it was important to revise mailing lists periodically and ideas were exchanged on how to increase paid subscriptions. There was discussion on when to drop unpaid subscribers - no agreement was reached.

#### 3. Personnel

Personnel involved in production of newsletter varied among associations, in size of committee as well as degree of expertise in doing this work. This is reflected in appearance and style of each publication but not in contents.

#### 4. Contents

Source material used in writing for newsletters included all publications from the Peoples Republic as well as "China Features". Other sources used are visitors to China. It was agreed to pool sources of information among newsletter committees, and to exchange articles of special interest as well as association news. It was generally agreed that the newsletter as a valuable tool in broadening the base of each association and therefore abandoning publication ~~of~~ of individual newsletters in favor of one regional publication was abandoned at this time. Discussion took place on whether newsletter articles should be signed by individuals, the advisability of taking stands on political issues, and should the newsletter deal with ideas, other than those related strictly to the promotion of U.S. China friendship. This exchange of ideas was helpful but no conclusions were reached on the issues discussed. Everyone agreed that closer cooperation would benefit our work. Each association was to receive ten copies of all newsletters as they are published.

### FILMS

Communication - Written communication must be more businesslike, e.g., prompt replies and dating letters; will be sent to Association addresses. Film coordinators exchanged home phone numbers for urgent communications.

### Reports

#### San Francisco

Works closely with Asian Community Center, which sometimes gets films from Canada-China Friendship Association for three-month periods. San Francisco Association library has six 16,, films:

The Great Battle for China, color, 2 hours

Chinese Delegation Visits Hanoi, color, 60 minutes (Peking dialect)

Prince Sihanouk Visits South China, color, 1 hour (Peking dialect)

CHINA: 1965, color, 30 minutes

FOIA(b) (7) - (D)

The Red Detachment of Women color, 110 minutes (jointly owned with L.A.)

Away With All Pests, black & white, 1 hour, (jointly owned with San Jose)

San Francisco and Asian Community Center recently issued joint brochure; rates to community organizations are \$8 for films 30 min and under, \$15 for films 60 min and over, plus shipping. Commercial rate: \$75.00, all films.

#### Hawaii

No film library. Monthly showings of films from Asian Community Center and other sources have included all major films, e.g., Bethune, The East Is Red, Red Flag Canal. Needs new films to show.

#### San Jose

Distributes with San Francisco jointly owned print of Away With All Pests.

#### Los Angeles

No film library. (Print of Red Detachment is kept in San Francisco) . Red Detachment, Report from China, Bethune, the Forbidden City, and China Today were shown at UCLA this year. Two 35 mm films on archeology from China Mission to U.N. were shown at L.A. County Museum of Art in June.

#### SOURCES

Chinese Embassy in Canada and Chinese Mission to United Nation have several films, but it is very difficult to make definite bookings, because they lack sufficient staff to operate film library well. We need two months' notice to arrange and publicize showings, but they will not commit films this far in advance. Mission is reluctant to send films to West Coast because of past experience (which may not refer only to Friendship Associations), e.g., Red Flag Canal was damaged, one print of Taking Tiger Mountain by Strategy vanished into thin air. Further problem is that many of the Mission's films are etmm.

Commercially released 16,, films are available from universities and big city public libraries. ( Of course, public libraries will not ship their films to other cities). Seattle Public Library has two films by Felix Greene; L.A. Public Library has China'71 by CBC and many others. Misunderstanding China is available from Miss May Dowell, Director of Special Projects, CBS News, 524 W. 57th, New York, 10010, usually for no charge. Selected rental libraries (with some of their films on China):

Contemporary / McGraw Hill Films  
1714 Stockton St., S.F. 94133

Bethune (\$30), East is Red

Film Images  
1034 Lake Street  
Oak Park, Illinois 60301

Report from China

NBC Educational Ent.  
30 Rockefeller Plaza, N.Y. 10020

The Forbidden City (43 min, \$21)  
China Today (22 min, \$13)

Newsreel  
1232 Market St., S.F. 94102

Red Detachment of Women

#### PURCHASE

Consensus was that films should be purchased if feasible, even if they did not pay for themselves. In addition to CBS and NBC films listed above, the following films were discussed as possibilities for purchase, either by individual associations or the region:

- Seven-film series by Felix Greene
- PBS film by Kojo Ariyoshi of Hawaii Association
- PBS film by Joyce Chen

Because Time-Life both rents and sells the Greene films, we may not be able to rent the films in competition with them. Because of high interest in purchasing Greene series, San Francisco will investigate distribution rights. L.A. will check with CBS about Misunderstanding China rights if conference shows interest in purchase.

## DISTRIBUTION

Delegates agreed upon a plan to be proposed to conference. This plan will apply to films which might be purchased, as well as four 16mm films expected as gifts from China People's Association for Friendship with Foreign Countries (The White Haired Girl, Red Flag Canal, New Archaeological Find, and one other).

Importance of publicity - Upon arrival of Chinese films, film coordinators of California Associations will meet to draft brochure(s). These should be as "slick" as those issued by commercial rental agencies and will be sent to schools, libraries, hospitals, special interest societies, etc. If Region purchases other films, these will also require publicity material.

Films will be rotated through Associations at two-month intervals. Films will be divided in groups, so each association has different films in different periods. At present, L.A., S.F., San Jose, and Hawaii are equipped to handle distribution. Smaller associations, (Orange County and Mid-Peninsula) can borrow films from nearby associations. Seattle will be included in rotation schedule as soon as the two associations form a joint distribution committee. It is important to keep to the rotation schedule, once it is established, so that we can book films several months in advance, which is preferred by many groups. The only exception to this concerns Hawaii, because of high shipping costs: if, just before Hawaii is to receive a group of films, they are sure they won't need them, they may notify the other association not to send them. Each association retains revenue for films it rents, even if to another area. Example: a group in Long Beach wants to rent films from L.A. L.A. won't have film until March-April, but Long Beach needs it for program in December, so L.A. refers them to S.F., which has film Nov.-Dec. Then Long Beach deals directly with S.F., which ships film to Long Beach, receives it afterwards, and gets rental fee. Each association must arrange with Newsreel or another friendly organization for facilities to maintain films. S.F. will be "center" for regional film library - all associations will send S.F. a copy of each booking, so S.F. knows at all times where each film is.

## CHINA STUDY GUIDE

"China? There lies a sleeping giant. Let him sleep!  
For when he wakes, he will move the world."

---Napoleon

China is no longer the sleeping giant. Liberation in 1949, the Korean War, socialist construction, the Vietnam War, the Cultural Revolution, Ping-Pong Diplomacy, admission to the United Nations, Nixon's visit: all these have kept China in the headlines.

There is intense interest around the world in the accomplishments of the Chinese Revolution. It is only in the past year, with the news coverage and documentary specials surrounding the President's visit, that millions of American people have had the opportunity to see some of the triumphs of China.

People are interested in learning more about China--what the changes mean for people there, what they mean for Americans, and what they mean for the world.

In order to spread knowledge about China, the US-China Peoples Friendship Association in Atlanta has established a study program of six monthly sessions designed to give people a broad overview of Chinese history and society. This study guide is designed to be used with the study program, and we hope that it will be helpful to others who would like to learn more about China but are puzzled about where to begin. We have tried to put things in a rational order, and have sifted through the many works published about China in recent years to select the best. The books that we use as recommended readings have all been published in paperback editions in recent years and can be found in book stores and libraries or ordered through China Books and Periodicals, 125 Fifth Avenue, New York, N.Y. (write for a free copy of their catalog).

Members of the China Friendship Association will prepare presentations on each of the topics. Each presentation will be comprehensive enough so that it will be understandable to people regardless of how much previous knowledge they have on the subject. We hope, by doing this, to permit participation on a variety of different levels: people who want to do a considerable amount of preparation, those who want to read a minimal amount, and those whose interest is fairly vague but might be increased by attending a couple of sessions.

The six sessions, with their recommended readings, follow:

1. Introduction: China to 1911. An introduction to Chinese civilization, particularly those aspects that will make more understandable her later history. The subjugation of China by foreign imperialist powers and the rebellions against that: the Opium War, the Taiping Movement, the Boxer Rebellion. Dr. Sun Yat-sen and the Revolution of 1911 that overthrew the monarchy and established the republic.

SUPPLEMENTARY BIBLIOGRAPHY

The books listed as recommended reading for the study program are intended to give you a general overview of the topics covered.

We realize that there may be some sections you wish to investigate further. As an aid in this, we have compiled a supplementary bibliography that includes two different kinds of works.

First is what we call auxiliary reading. These books complement the recommended reading, but some of them are less readily available--though most of them can be found in a good sized public or school library.

Second is what we call source material. This consists of Chinese commentaries on the topics at hand. There has been a lot of misrepresentation and confusion over the years about the Chinese position on this or that question. We feel the best way to resolve this is to read the original material and then decide for yourself.

Most of the source material from Mao Tsetung is included either in the 4-volume Selected Works of Mao Tsetung (Peking, 1965) which includes his major writings up to liberation in 1949, or in the 1-volume Selected Readings from the Works of Mao Tsetung (Peking, 1967), which includes some of the major earlier writings plus a few selections from the period from 1949 to 1963. Both the Selected Works and the Selected Readings have helpful notes to explain references to Chinese history and personalities. Mao's writings after 1963 are available only as separate pamphlets at this time. China Books has a listing of them in their catalog (write to them at 125 Fifth Avenue, New York, N.Y.), as well as the other pamphlets and magazines listed under source material for the various topics.

We will list the auxiliary reading and source material in the same order as we listed the recommended reading in the first section of the study guide.

On 2/21/74 [redacted] advised he recently learned of a contact between DON WRIGHT, the recently ousted RU national officer, and EMORY EARL ROSE, who until recently was among the leadership of RU in the Bay area near San Francisco.

ROSE had indicated for sometime he was having problems with the National RU leadership and had come under severe criticism. ROSE advised that he was ousted from RU just prior to the RU National Interim Committee (NIC) meeting which was held in the Chicago area on 2/8/74. The purpose of his ouster was believed to be his close association with WRIGHT and his own dissatisfaction with the national leadership and what he considers their racist approach to dealings with other organizations and individuals. disagreement with the national RU leadership was deepened by RU National Bulletin #13. ROSE indicated that RU is fully aware that their position as stated in NB#13 is a break away from the position they and most all other revolutionary organizations have taken in the past, but are convinced this is the correct position and plan to do extensive work to convince others.

ROSE stated that RU plans to distribute several pamphlets defending NB#13 and to emphasize that RU is making a complete break with their past position, have recognized the error of putting blacks in the "vanguard of the revolution" and that RU is starting in an entirely new direction toward building the revolution, even though they fear the PRRWO and IBWC will be forfeited as supporters on this position alone.

ROSE indicated he wants to meet with someone from IBWC in New York in the near future to discuss becoming active with that organization and asked WRIGHT to arrange such a meeting. WRIGHT reportedly agreed to set up a meeting for ROSE in the near future.

ROSE stated that the RU National Office had already begun an extensive campaign to present their new position by having members from the national and regional leadership levels arranging meetings all over the country with leaders and members of other organizations to sell the new line.

(NOTE: On 2/22/74 [redacted] advised that ROWLAND CORDERO, recent ascendant to the national leadership, has been traveling extensively outside of Chicago since the NIC meeting on 2/8/74.)

ROSE stated that the RU national leadership has been extremely happy about the rapid development of the RU Southern Region under the guidance of Houston RU leader JIM REYNOLDS and although there are still relatively few collectives in the South, and those that have been established are so far apart it is difficult to exercise control, they have been very aggressive in organizing and have ably represented RU's line in dealings with other organizations and individuals.

ROSE reportedly told WRIGHT that one of the primary reasons for the recent NIC meeting in Chicago was to discuss how to deal with WRIGHT's recent ouster and the criticism which is bound to come because of it. The RU leadership reportedly sees the ouster of WRIGHT as a further complication to the defense of NB#13. It was generally expected that RU's defense of their ousting WRIGHT must be set forth from an ideological standpoint and extreme care must be taken not to make the ouster appear to be for personal or racially motivated reasons.

The source advised that after extensive discussions with both WRIGHT and ROSE he was of the opinion that the RU NIC meeting dealt with their three major problem areas: 1) Suspension of WRIGHT, 2) Defense of RU NB#13, and 3) Party building.

# SPEAKERS BUREAU

U.S.-China

Friendship Association

The U.S.-China Friendship Association is a non-profit service organization formed to promote friendship between the U.S. and Chinese peoples. The Speaker's Bureau grew out of a need expressed by many individuals and groups for speakers with accurate and up-to-date information on the People's Republic of China and different aspects of life there. In turn, it developed from the desire of several individuals recently returned from China wishing to be put in touch with groups of people wanting to learn about China. We hope to provide a wide variety of speakers at a reasonable fee to suit the many needs of the people of the United States, particularly in the Bay Area.

All our speakers have expressed their desire to help build friendship with the Chinese people. However, not all our speakers will be of the same political persuasion, nor will they necessarily share the same view of life in the People's Republic of China today.

The following fee schedule is intended to serve as a guideline for groups requesting speakers:

Minimum fee--\$4.00. This fee is for groups who are not planning to charge an admission fee and who cannot afford more. In these cases, we urge the sponsoring group to take a collection among those present to help us offset expenses such as phone calls, letters, short distant travelling expenses, etc.

Institutional and Group fee--\$30.00 minimum--to be arranged with the group depending on customary fee provided to outside speakers. We request this fee from professional groups, universities, labor unions, and other organizations for which it is accepted practice to present speakers with honorariums. If an admission is charged, the U.S.-C.F.A. asks for 30% of the net or the arranged fee, whichever is higher.

Travel Expenses--if a speaker must travel more than 25 miles from his/her home to speak, please expect to reimburse the speaker approximately 10¢ a mile for expenses, in addition to the speaking fee.

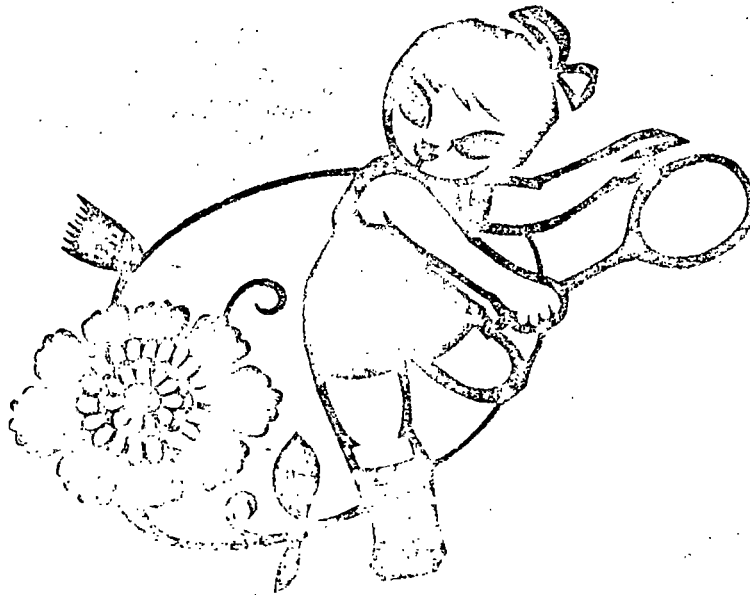

-2-

An additional note on fees--The above holds for all speakers, unless otherwise noted. When writing checks, please make them payable to the U.S.-China Friendship Association--this will make our book-keeping job much simpler. Unless otherwise arranged, 50% of the fee agreed upon is due when confirmation of date is received and 50% on the date of the talk.

When you have decided you would like a speaker, call our answering service between 9:00 and 5:30, only during the month of December. Thereafter, we will establish evening office hours. Please leave a message telling us the name of your group and when you would like a speaker. We will respond as soon as possible to arrange details or answer questions. You may phone during those hours at (415) 863-0537. If you wish to write us our address is: U.S.-China Friendship Association, 50 Oak St., San Francisco, CA. 94102. Please, please try to contact us at least two to three weeks in advance of the desired speaking date. The more notice we have, the better your chances of getting the speaker of your choice. If for some reason your group decides to cancel or postpone a scheduled speaker, we must have adequate notice.

Whenever possible, the U.S.-C.F.A. will be happy to set up a literature table consisting of current pamphlets, books, magazines, and so forth from and about China. Films from China and photo displays are available for booking upon request. To find out more about the many other activities and services of the U.S.-China Friendship Association, please take a look at our monthly newsletter and/or informational brochure on Association activities.

A final word. We are continually adding new speakers to our Bureau. Consequently, not all available speakers are listed. Please contact us if you know of speakers who would like to be part of the China Speaker's Bureau. Of course, too, we always need your suggestions and criticisms to make our work better. We are especially anxious to hear how we can improve our activities to meet the educational needs of your organization.

Dear Friends:

We are endeavoring to build up a file of names and addresses of Third World groups whom we would like to acquaint with the services we have to offer.

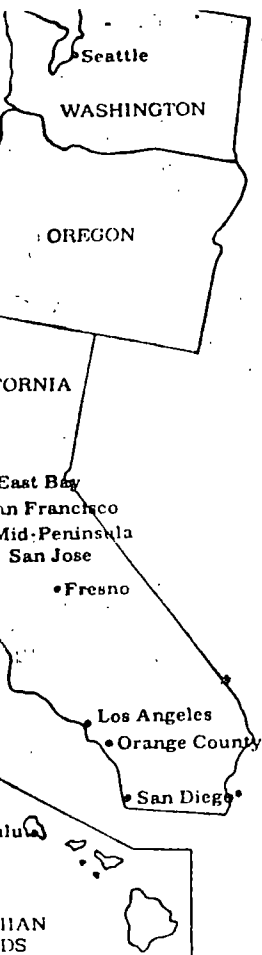

In Sausalito there is an organization called Black World Foundation, c/o Black Scholar Magazine, whose director is Nathan Hare.

Would you be good enough to get us the exact address. Or, if it is not troubling you too much, could you contact them and find out if they have a list of organizations which they would be willing to let us use in sending out our literature?

Dear Friends,

After many months of talking about it, a group of 25 people friendly to China met in November and formed the East Bay Chapter of the U.S.-China Friendship Association. We began immediately planning for future activities and programs, realizing, of course, that to do anything we would need money.

Both to help us spread information about China and to keep abreast of our activities, we hope you will take this opportunity to become a member of the US-CFA. Without your financial support, our program will be limited and our energy will be devoted to fundraising, rather than outreach activities.

All members and friends are encouraged to attend our monthly meetings, the second Friday of each month at 7:30 p.m. They are held at the Unitarian Fellowship Education Building, 1606 Bonita Street (Cedar and Bonita). Upstairs - in Berkeley.

Re San Francisco letter to Bureau dated 1/14/74.

This communication is classified confidential to protect Bureau intelligence sources and methods.

For information, LEODURIS ROSE continues to be employed at the Circuit Provision Bureau, Pacific Telephone & Telegraph (PT & T), 180 New Montgomery Street, San Francisco as a telephone operator. Her residence continues to be 663 Niantic, Daly City, California, where she resides with her husband EMORY EARL ROSE, JR., and their children.

Contacts with informants and sources knowledgeable of RU and related activities within the Bay Area has disclosed that both EMORY EARL ROSE and LEODURIS ROSE are definitely out of the RU basing their departure on the RU position on blacks within the organization and in retaliation for the publishing of National Bulletin (NB) #13. It is speculated by [redacted] that the ROSES departure was also precipitated by the ousting of MCC member DONALD WRIGHT from the RU.

EMORY EARL ROSE continues to be unemployed. However, [redacted] advised that ROSE successfully sued the Operating Engineers Union for discrimination and collected a sizeable settlement to the extent that he was able to purchase a 1973 Datsun station wagon bearing California license 439 JUZ which is currently being financed by the Security Pacific Bank, POB 7636, San Francisco, California. It is to be noted that subject still retains his other vehicle, a 1967 Plymouth bearing California license 969 SUR.

Referenced San Francisco letter advised that SAC authority granted for interview of both subjects inasmuch as both subjects were now out of all RU activity and noted that numerous efforts to contact either subject at an advantageous position had met with negative results. Further efforts to contact either subject for interview concerning their RU affiliations have met with negative results and contacts with [redacted] in this regard has disclosed that both subjects have absolutely nothing to discuss with the FBI concerning the RU.
